

2nd January 2019

For power system expertise

Your Chance to Present at the CIGRE Biennial Meeting

Call for Abstract Submissions

The opportunity has arisen for an NGN member to deliver a presentation on their work at the CIGRE Ireland biennial meeting on 27th March 2019.

This offers the prospect of both gaining experience presenting to a technical audience who are subject matter experts whilst also developing your presentation skills.

In order to be eligible to participate candidates must be a NGN member of CIGRE (under 35 years of age). If you are not yet a member, please **contact us** or go to the national committee **website** and we can help with the application.

Submission Guidelines

You are invited to submit a short abstract (max. 500 words) for this presentation, which should include:

- Title
- Author
- Organisation and Role
- **Preferential Study Committee** your topic belongs to.

A template for the abstract is available on the NGN website

Submit your abstract as a .doc file with the subject line "Biennial Meeting Abstract" to niall.williams@esb.ie

Deadline: 14th January 2019

CIGRE's Study Committees 2018

CIGRE has 16 domains of work, each with an expert global **Study Committee** and programme of work.

This is the 'engine room' that drives CIGRE's power system knowledge development. Follow the links below to learn more about each of them:

Group A – Equipment

- A1 Rotating electrical machines
- A2 Power transformers and reactors
- A3 Transmission and distribution equipment

Group B – Technologies

- B1 Insulated cables
- B2 Overhead lines
- B3 Substations and electrical installations
- B4 DC systems and power electronics
- B5 Protection and automation

Group C – Systems

- C1 Power system development and economics
- C2 Power system operation and control
- C3 Power system environmental performance
- C4 Power system technical performance
- C5 Electricity markets and regulation
- C6 Active distribution systems and distributed energy resources

Group D – New Materials and IT

- D1 Materials and emerging test techniques
- D2 Information systems and telecommunication

Note a presentation for B2 has already been scheduled; so, this topic is excluded from this NGN call.
