

Young Member Showcase Call for Abstracts

The Largest Event of the Year Dedicated to Young Members and their Work

The Young Member showcase is a major event in the NGN's calendar and it is the largest Cigre Ireland event dedicated to young members. It gives young members a chance to present their work in front of industry experts and to win a sponsored trip to next year's **Paris session**.

Remember a young member is any member under 35 or with less than 10 years of experience and don't forget that Cigre membership is free for any one in full time education.

How to Get Involved?

To have chance of presenting at the YM showcase you need to submit an abstract by **September 27th**.

We will select the top 8-10 abstracts to present at the showcase. The four best presentations at the showcase will then be submitted to Cigre's Central office, by the Irish National Committee.

The Cigre Central office will then pick the top two winners for a sponsored trip to the Cigre Paris Session in 2020.

How to Submit Your Abstract?

Send your 500 word abstract to niall.williams@esb.ie

A template is available at the Cigre Ireland website here and should help you complete your submission.

It is important that you identify the study committee for your work, as the entries will be assessed against other entries from the same study committee.

Study Committees

CIGRE has 16 **Study Committees**. Follow the links below to find the SC that's the best fit for your work

Group A – Equipment

- A1 [Rotating electrical machines](#)
- A2 [Power transformers and reactors](#)
